Two and one half per cent of the cigarette stamp tax and cigarette fees collected as provided by law together with balances on hand at August 31, 1941 and August 31, 1942, are hereby appropriated to the Comptroller from which the items above shall be paid, and for the administration and enforcement of the cigarette and occupation tax laws.

GRAND TOTAL—Comptroller's Department

The allocations and appropriations made in House Bill No. 8, Regular Session, Forty-seventh Legislature, are hereby allocated and appropriated for the purposes named in said bill for the biennium ending August 31, 1943.

The Comptroller is authorized to make such transfers of employees as he deems necessary to carry out the provisions of the laws under his supervision.

There is hereby appropriated out of the General Revenue Fund in the State Treasury not otherwise appropriated the sum of Fifty-eight Thousand Four Hundred Ten Dollars and Eleven Cents (\$58,410.11) to refund to the cities of Sinton and Aransas Pass the amount of ad valorem taxes collected and wrongfully remitted to the State Treasury by San Patricio County since September 18, 1939, and being paid into the State Treasury under demand of the State Comptroller of Public Accounts by virtue of

House Bill No. 181, Acts of the Regular Session of the Forty-sixth Legislature. Since the Tax Assessor-Collector of San Patricio County has wrongfully and erroneously remitted to the State Treasury the moneys which should have been paid to the cities of Sinton and Aransas Pass it is necessary that this appropriation be made to correct such error. The Comptroller of Public Accounts is directed to issue his warrant in compliance with this appropriation.

There is hereby appropriated out of the State Highway Fund a sufficient amount for the purpose of reimbursing the Prison Industrial Revolving Fund for the cost of manufacturing automobile license plates, as provided by House Bill 459, Chapter 178, General Laws of the Regular Session of the Forty-third Legislature. It is expressly provided that the State Prison Board shall prepare a statement of complete costs which shall be audited by the State Auditor before a price for the license plates is fixed by the Board of Control and that the audited statement provided for herein shall serve as the basis for the price charged the State Highway Department.

There is hereby appropriated out of the State Highway Fund for each of the fiscal years ending August 31, 1942, and August 31, 1943, the sums of \$50,000.00 which amount shall be transferred from the State Highway Fund to the General Fund of the State of Texas, in order that the State Highway Fund will bear its just part of the expense incurred by other State Departments in serving the Highway Department, and also to cover the cost of furnishing heat, water and power to the State Highway Department. The State Comptroller and the State Treasurer are hereby authorized and directed to transfer the amounts herein appropriated from the State Highway Fund to the General Revenue Fund either annually or semi-annually at any time during each of the said fiscal years.

All revenues, fees and grants in aid, except Certificate of Title Fees, received for credit to the State Highway Fund during the biennium beginning September 1, 1941, together with the balance of such funds on hand at the beginning of each year of the biennium, are hereby appropriated for the payment of the specific appropriations herein made for the State Highway Department and the Department of Public Safety, and for the establishment of a system of State Highways and the planning, construction and maintenance thereof as contemplated and set forth in Chapter 1, Title 116 and Chapter 186, General Laws of the Regular Session of the Thirty-ninth Legislature, and amendments thereto. All Certificate of Title fees received by the Highway Department under and by virtue of House Bill 205, Acts of the Regular Session of the Forty-seventh Legislature are hereby appropriated for the uses and purposes as prescribed in said Act, subject, however, to the provisions appearing at the end of this Act.

The State Highway Commission is hereby expressly authorized to purchase, through the Board of Control, any additional equipment, and motor vehicles necessary in the opinion of the State Highway Department, provided, however, that no moneys herein appropriated shall be spent for the purchase of a passenger car in excess of Seven Hundred and Fifty (\$750.00) Dollars, including the trade-in value of a used car, and this limited price shall cover a car equipped with bumpers and extra rim or wheel, but not an extra casing or tube.

Provided that no State Highway Funds shall be used or expended in payment of full or partial salaries, or to participate in the supplementing of any salaries for any kind of work done for, by or under the supervision or direction of the State Highway Department, other than those amounts specifically provided in the above appropriations, where the total to be paid such additional respective employees from Federal, State, County, or other Funds, exceeds the respective amount below listed, to wit: File clerks, and typists at not exceeding \$1,200.00 each per year; bookkeepers at not exceeding \$2,100.00 each per year; registration, warrant, voucher, comptometer or tabulating clerks, stenographer \$1,350.00 each per year; those performing secretarial duties at not exceeding \$1,500.00 each per year; resident engineers and district engineers at an average salary of not to exceed \$3,600.00 each per year, none to exceed \$4,800.00 per year; assistant district engineers, at not exceeding \$3,600.00 per year; any other additional positions not herein listed in the above itemized appropriations, at not exceeding the amounts specifically appropriated therein for such similar positions. .

Provided, further, that the authorization that permits State Departments to excuse one-half of their employees at noon on Saturday is modified for the State Highway Department to provide that said Department may set its closing time on Saturday and permit all employees to leave, provided the number of hours' work during the week shall be the same as provided in the General Appropriation Bill. This provision is being granted inasmuch as the State Highway Department cannot function efficiently with only half of the employees present.

Provided that all printing and stationery shall be purchased through the Board of Control and shall be confined to such articles and qualities as selected and contracted for by the Board of Control.

The Highway Department of the State of Texas is specifically authorized to supervise beautification of the State Highways in the State of Texas and provide necessary assistance therefor.

It is expressly provided herein that the State Highway Department is authorized to furnish to the Adjutant General's Department trucks for transporting men and material for the purpose of erecting air markers along State Highways.

The State Highway Department is expressly authorized to grant to day laborers twelve (12) days vacation with full pay to such laborers who have worked for said State Highway Department for over twelve (12) months.

The Highway Commission is hereby vested with the authority to conduct and/or supervise the registration of motor vehicles in counties wherein the Commission has reason to believe and for cause shown that the laws regulating the registration of such motor vehicles is being violated.

There is hereby further appropriated under and by virtue of the Act of the Forty-fifth Legislature, Regular Session, creating a system of Compensation Insurance for employees of the State Highway Department, sufficient highway funds to carry out the terms and provisions of said Act, and the State Highway Department is hereby expressly authorized to employ a sufficient number of employees necessary to carry out the terms and provisions of said Act, but in no event shall salaries paid be in excess of the amount paid for the same or similar positions in any department of the State Government.

For the purpose of printing forms, cost of plates, postage and other necessary expenses in carrying out the provisions of House Bill No. 794, Regular Session, 46th Legislature, there is hereby appropriated to the Highway Department out of the General Revenue Fund, the sum of Two Hundred Fifty (\$250.00) Dollars each year of the biennium ending August 31, 1943. Any unexpended balance at the end of any fiscal year shall revert to the General Revenue Fund.

All funds necessary for appropriations herein provided are hereby appropriated from respective sources, as herein provided, for each of the fiscal years ending August 31, 1942, and August 31, 1943.

Any court of competent jurisdiction in the county where this law is violated shall have jurisdiction to try such cause.

f. It is hereby made the duty of every department head to furnish every employee of his department with a copy of the law set out in the preceding three paragraphs, and to take the receipt of such employee therefor. The receipts shall at all times be kept accessible for public inspection and failure of any department head to comply with this mandate shall constitute malfeasance in office, and upon judgment so adjudicating such department head shall be removed from office.

(12) Traveling Expenses. a. No traveling expenses shall be claimed, allowed, or paid unless incurred while traveling on State business. Any State official or employee entitled to traveling expenses out of State appropriations herein made, who is legally or officially required to be present at the trial of any State case, shall not claim traveling expenses from the State and also from the Court wherein said case is pending. If by oversight, duplicate claims are filed for said traveling expenses and collected, then said officers or employees shall reimburse and refund to the State Treasurer an amount equal to the respective amount collected under such witness fees and mileage claim.

b. The Comptroller shall not pay, and no State officer or employee of any of the departments or other agencies of the government shall include in his traveling expense account any amounts for meals and/or lodging incurred within the city or town where such officer or such employee is stationed. Such employees as are stationed away from their main office or headquarters who are not allowed traveling expenses where so stationed shall be allowed such expenses when called to their main office.

c. Where an employee uses his private car while traveling on State business, and another employee travels with him on the same or other State business, only the owner of the car shall be entitled to reimbursement for traveling expenses. This shall not preclude both employees from receiving reimbursement for board and lodging.

d. No traveling expenses shall be incurred by any employee of any of the departments, or other agencies of the government, outside of the boundaries of the State of Texas, except for State business and no such expenses shall be paid from State appropriations or out of any local or auxiliary funds by the State Comptroller to an employee of any agency of the Government until and unless a written statement, signed by the Attorney General, advising that the purpose of the proposed trip, in his opinion, is for said State business purposes; which written opinion shall have been filed with the disbursing officer of such respective agency of

the Government. This provision shall not apply to trips to Washington, D. C., made by the Attorney General's Department, before the United States Supreme Court and certain Federal Commissions and Boards, nor to the Adjutant General when appearing in Washington, D. C., before the War Department, nor to members or employees of the Railroad Commission attending hearings or oral arguments held before Courts or Government Commissions in other States or Washington, D. C., and involving rates and/or transportation matters.

e. It is the intention of the Legislature hereby not to require advanced permission of legally authorized out-of-state trips of peace officers in the extradition and return of fugitives from justice and escaped prisoners, except as is provided by law.

f. Unless otherwise specifically provided by the statutes, it is provided that any officer or employee who travels on official State business and who uses his own car while so doing shall be reimbursed for the use of said car on the basis of the total mileage traveled during any calendar month at the following rate: Five cents (5c) a mile for the first thousand miles traveled, four cents (4c) a mile for the second thousand miles traveled, and three cents (3c) a mile for the third thousand miles traveled, and two cents (2c) a mile for each mile traveled in excess of three thousand miles. Before the Comptroller shall issue any warrant for reimbursement, the said officer or employee shall file an affidavit with the Comptroller showing the point of origin and the point of destination of each trip and the mileage actually traveled. This provision shall also apply to intra-city mileage. If the Comptroller is of the opinion that said officer or employee did not take the shortest practical route, he shall have the authority and it shall be his duty to compute the mileage of the shortest practical route, between the point of origin and destination of each trip via intermediate points visited, and he shall issue his warrant in reimbursement therefor on the basis of the above rate. No moneys herein appropriated shall ever be spent to pay the traveling expenses of any State employee to any type of convention within the State or without the State except upon advance written approval of the Attorney General as being for State's business.

g. All employees traveling at the expense of the State are hereby limited to the amount of Four (\$4.00) Dollars per day expenses for meals and lodging; it being specifically provided that the employee shall obtain receipt for all amounts expended for all items of lodging and other expense except meals, and shall file said receipts with their expense accounts, which expense accounts must be duly itemized and sworn to; and the State Comptroller is hereby expressly prohibited from paying any expense accounts which are not itemized and sworn to and accompanied by receipts as herein provided.

(13) Expense Accounts. The following rules shall be observed by all State employees in rendering their expense accounts before any expense account shall be paid from appropriations herein made:

a. There must be a complete and concise statement of the duties performed, the names of all towns and points visited and the object of such visits, the time of departure from each place where State's business is performed, and the time of arrival at the next place visited in line of duty, the name of persons contacted and the purpose for such contact. The foregoing information must be given in each case where State's business is transacted. Such words as, conference, investigation, official business, and other general terms or expressions shall not be accepted by the Comptroller as a complete and concise statement.

b. The name of hotel, restaurant, boarding or rooming house at which meals and lodging are procured shall be given in every case.

c. The name of the transportation agency used and the cost of the ticket purchased, together with a signed receipt for the same shall be given.

d. Fees, as tips to waiters on dining cars, or at hotels or restaurants, shall not be paid out of State funds.

e. Except as otherwise authorized by statute, no State employee shall receive or use any passes or other franking privileges from any transportation agency, and any employee so offending shall be immediately discharged. The fact that any transportation agency knowingly extends passes or other franking privileges to any State employee shall constitute sufficient grounds upon which the right of said transportation agency to do business in this State can be forfeited, and the Attorney General is hereby directed to institute proper proceedings to cancel said right of any transportation agency so offending.

f. It is expressly provided that the provisions of Subsection 12g of this Act with reference to limitation of amount of traveling expense shall not apply to the Governor, the Lieutenant-Governor, and the members of commissions who receive no salary or per diem, when traveling in or out of the State. Nor shall said provision apply to the Adjutant General and his representatives when appearing in Washington, D. C. before the War Department, the Attorney General and his assistants when appearing before the Supreme Court of the United States and Federal Agencies in Washington, D. C., nor the members of the Railroad Commission when appearing before the Interstate Commerce Commission or other Federal Commissions in Washington, D. C.

g. None of the moneys appropriated herein shall be spent for the polishing of the same automobile more than one time per calendar month.

(14) Purchase of Passenger Cars. No moneys herein appropriated shall be spent for the purchase of a passenger car in excess of Seven Hundred Fifty (\$750.00) Dollars, including the trade-in value of a used car, and this limited price shall cover a car equipped with bumpers and extra rim or wheel but not an extra casing or tube.

(15) Salary and Other Provisions. a. All annual salaries shall be paid in twelve (12) equal monthly installments, provided, however, that the head of any Department of State Government, or any Board or Commission of State Government, may use part-time employees to fill any position provided for in this Act at a salary not to exceed more than one-half the amount appropriated for such position.

b. The appropriations herein provided are to be construed as the maximum sums to be appropriated to and for the several purposes named herein, and the amounts are intended to cover, and shall cover the entire cost of the respective items and the same shall not be supplemented from any other sources; and, except as otherwise provided, no other expenditures shall be made, nor shall any other obligations be incurred by any department of this State, provided, however, that nothing herein shall prevent any department head from paying less than the maximum amount set forth herein for any salaried positions.

c. Salary payments. No salary for which an appropriation is made herein shall be paid to any person unless such person actually discharges assigned duties. Provided, that it shall be the duty of the head of any department to transfer an employee of his office to any desk or place within his department when necessary to perform the duties of the department and for proper dispatch of business.

d. Additional Employees' Compensation. When any additional employees, other than those for which specific salary appropriations have herein been made, are employed and are to be paid out of contingent appropriations, such employees shall not be paid a larger amount than that provided in the regular appropriated salaries for similar positions in such department or agency, and in the event there are no similar positions within such department, then such additional employee shall not be paid a larger amount than that provided for similar positions in other departments or agencies. In the event laborers, skilled laborers, and mechanics can not be obtained at the above mentioned salary scale, then the head of such department may pay for temporary employment only not exceed-

ing the prevailing wage scale paid in the locality where the temporary service is to be rendered.

(16) Audits. None of the appropriations herein made shall be used for the purpose of employing any firm, corporation or person excepting persons regularly and continuously employed by the State departments, to audit the expenditures or records of any department, board, bureau, or institution; provided, however, that if, in the judgment of the officer, officers or departments charged by law with disbursing the appropriations herein made, an audit is necessary, an application for such audit shall be made to the State Auditor requesting that such audit be made; and in the event the State Auditor shall not, in his judgment, have available sufficient funds to make the necessary audit, then the officer, officers or departments having charge of disbursing said appropriations are authorized to direct the Comptroller to transfer in lump sum and add to the appropriation for the State Auditor's office herein made the amount which in the judgment of said officer is necessary for the purpose of making said audit and audits shall be made from the amounts so transferred before the close of the fiscal year during which the transfer was made, and if the audit is not made during the designated period, then the money so transferred, shall revert to the department or agency from which transferred.

(17) Employment of Aliens Limited. No money shall be paid out of any appropriation made herein for personal services for a longer period than ninety (90) days to any person who is not a citizen of the United States unless the person has begun naturalization proceedings.

(18) Prison Employees. All guards and other prison employees shall have free medical attention and hospitalization from the prison physician and prison hospital when such employees have been injured while in the performance of their Prison System duties, as provided by H. B. No. 19 of the First Called Session of the Forty-first Legislature.

(19) Supplementing Certain Salaries. It is provided that any nurse employed by the State Health Department not receiving One Hundred and Twenty-five (\$125.00) Dollars per month under this Act may have her salary supplemented from Federal funds in the sum of Twelve Dollars and Fifty Cents (\$12.50) per month upon approval of the proper Federal authority.

(20) Preparation of the Budget. In preparing the budget for the next biennium the Board of Control is directed to itemize the appropriation of each department of this State by setting out therein the position of every employee who receives a monthly salary of said department. The Board is directed to designate, with reference to each position, whether the same is to be paid out of the appropriation from the General Revenue Fund, from fees and/or receipts collected by virtue of the laws of this State, or from other available funds. In the event the salary of a position is to be paid jointly out of an appropriation from the General Revenue Fund, out of fees, receipts, special funds, or out of other available funds, the Board of Control shall indicate the portion paid or to be paid from each. No salary items shall include an appropriation for more than one employee. The Board shall follow the same procedure in itemizing other expenditures to be made by the departments of this State.

(21) Employment of Husband and Wife Restricted. a. None of the foregoing appropriations for salaries shall be paid or warrants issued therefor by the State Comptroller to any employee until the employee shall have filed with the head of the department in which he or she is employed an affidavit showing his or her marital status, and if married, whether or not the spouse of such employee is also employed in one of the Departments of this State and the name of the Department where such spouse is employed, together with the name of such spouse; the head of such department, in addition to the statutory affidavit now required to be attached to all payrolls, shall also set forth in the payroll affidavit that all of his employees have made the required affidavit and also set forth

the facts of any said relationship employment as disclosed by said employees' affidavit, together with the name of the department where such spouse is employed, and if such relationship employment does not exist then said affidavit shall so state, and the head of the department and the State Comptroller shall not approve for payment or issue warrants or checks for salaries to either the husband and wife where both said husband and wife are employed in the Departments of this State subject, however, to the following provisions. Affidavits of present employees shall be made and filed with the heads of departments of the State within ten days before the first day of each fiscal year, and persons thereafter employed shall file such affidavits before they begin work; all of said affidavits shall be preserved by the heads of departments for which appropriations are made for at least two years after their dates, which affidavits shall be open to public inspection; said employees' affidavits shall be conclusive evidence of the right of the head of the department to approve the payroll, and the payroll affidavit of the head of the department shall be conclusive evidence to the State Comptroller of his right to issue the warrants. In the event the Comptroller shall hold up issuance or delivery of any warrant by reason of these provisions he shall notify the head of the department affected of his action and such warrants shall not be issued or delivered until the provisions have been complied with to the satisfaction of the State Comptroller; and in the event the head or heads of said departments, so employing said husband and wife, or said husband and wife themselves cannot agree on which affected employee is to be retained in the State's employ, then the State Comptroller shall issue and deliver the warrant to the affected employee who has been continuously employed in the State's service for the longer period of time, and refuse to issue and deliver the warrant to the other affected employee who has been continuously employed in the State's service for a shorter period of time than the other affected relative. The provisions herein shall apply to department heads and members of Commissions but not to the manager and matron of the Goree State Farm. The word "department" as used herein shall mean those departments named in this Act and the Soil Conservation Board and shall not apply to other agencies of this State and the employees employed thereby.

b. It is further provided that the foregoing provisions restricting employment of both husband and wife shall not apply to any persons who were employed and receiving compensation from the State at any time during the month of January, 1941.

(22) Restrictions on Certain Appropriations. It is further provided that, during any three month period, no department can expend more than one-fourth of the appropriations made herein for: (a) traveling expenses, (b) contingent expenses, (c) telephone and telegraph, (d) postage, provided that any unexpended balance from preceding quarters may be expended during subsequent quarters.

(23) Occupancy of State Buildings. It is specifically provided that with the exception of the Telegraph and Telephone Companies, the members of the press, those engaged in copying public records while so engaged, persons now operating the concession in the Land Office Building and the Walton Building, the American Legion, Daughters of the Republic, Daughters of the Confederacy and the U. S. Geological Survey, only duly constituted public authorities, departments, and agencies shall occupy space in the public buildings owned by the State. The Board of Control is hereby charged with the duty and responsibility of carrying out the provisions of this subsection.

(24) Publicity of Individuals Restricted. No department or bureau included in this Act shall use any of the funds appropriated to such department or bureau, either directly or indirectly, for the purpose of telephoning, telegraphing or distributing either by hand or through the mails, any literature, propaganda, letters, or bulletins, or any other matter printed or written, or to make any radio speech or speeches, whether transcribed or not, or any other speech or speeches under any circumstances which has

the effect of publicizing or directing attention to or tending to publicize or direct attention to any individual, official or employee of such department or bureau, or any other department or bureau. It is further provided that no department or bureau shall maintain any publicity department or have in its employ or under its direction any employee or other person who has the title or who performs the duties or functions of a public relations agent, publicity agent or press agent. It is provided, however, that none of these restrictions shall apply in the event it becomes necessary, in the opinion of the head of the department or bureau, as a proper function of the department or bureau, or in the interest of the general public, for such department or bureau, through any of its authorized agents, to issue any statements or impart any information by the usual methods, and in so doing, said statements shall be issued or information imparted in the name of such department or bureau and shall be issued under or have attached thereto the name of the official or agent authorized to issue the same, but shall not otherwise include the name of any individual, official or employee of such department or bureau or of any other department or bureau.

(25) Use of Liquor on Duty. It is further provided that no funds appropriated under this Act, shall be used for the payment of salaries to any employee who uses alcoholic beverages while on active duty.

(26) Payment of Appropriations from Special Funds. It is further provided that in the event the Statutes of the State of Texas provide that any amounts, fees or funds herein appropriated to be paid out of local or special fees or funds, that the same be so paid out of said local or special fees and funds instead of being paid out of the General Revenue Fund.

(27) Transfer from Special Funds. In addition to the sums to be transferred to the General Revenue Fund from special funds as heretofore authorized in this Act and in other statutes, there is hereby appropriated and the Comptroller and Treasurer shall transfer during each year of the biennium beginning September 1, 1941, the following sums out of the respective special funds to the General Revenue Fund for the purpose of repaying said General Revenue Fund for services rendered by the administrative departments operating from General Revenue appropriations: Citrus Grading Fund, Two Thousand (\$2,000.00) Dollars; Citrus Fruit Inspection Fund, One Thousand Seven Hundred Fifty (\$1,750.00) Dollars; Agricultural Protective Act Fund, Four Hundred Fifty (\$450.00) Dollars; Special Game Fund, Two Thousand Five Hundred (\$2,500.00) Dollars; Fish and Oyster Fund, One Thousand (\$1,000.00) Dollars; Fish Propagation and Protection Fund, Five Hundred (\$500.00) Dollars; Sand, Shell and Gravel Fund, One Thousand (\$1,000.00) Dollars; Motor Vehicle Insurance Fund, Five Hundred (\$500.00) Dollars; Insurance Examiners' Fund, Two Thousand Five Hundred (\$2,500.00) Dollars; Insurance Agents' License Fund, Three Hundred Seventy-five (\$375.00) Dollars; Fire Insurance Division Fund, Three Thousand Two Hundred Fifty (\$3,250.00) Dollars; Insurance Department Fee Fund, Four Hundred Fifty (\$450.00) Dollars; Liquor Confiscation Fund, Five Hundred (\$500.00) Dollars; Operators' and Chauffeurs' License Fund, Five Thousand (\$5,000.00) Dollars; Boiler Inspection Fund, Five Hundred (\$500.00) Dollars.

(28) Savings Clause. If any Section, Subsection, or provision of this Act is for any reason held to be unconstitutional or invalid, such holdings shall not affect the constitutionality or validity of any other provisions or parts of this Act.

(29) Emergency Clause. The fact that this is one of the general biennial appropriation bills, to provide for the support, maintenance, and operation of important State departments and agencies, and the fact that the continued maintenance and operation of said departments and agencies after August 31, 1941, depends on these appropriations being available, creates an emergency and an imperative public necessity that the Constitutional Rule requiring bills to be read on three several days be, and the same is, hereby suspended, and that this Act shall take effect and be in force from and after its passage.
